---

Please be in prayer for the Schroon Lake Community Church, their pastor, Lynnette Cole, the Schroon Lake community, and the many reaching out to them in loving care after yesterday's devastating fire that consumed the church building and attached parsonage.

There will be many needs, which means many opportunities to share God's love and blessing with these members of our family, and we will communicate those opportunities as they present themselves.

May God's peace settle over this community as they know themselves firmly held in God's loving care.

~ Debbie Earthrowl, Adirondack District Superintendent

## COMMUNITY EVENTS

**BILL MCKIBBEN COMES TO PLATTSBURGH UNITED METHODIST CHURCH** - 127 Beekman Street, Plattsburgh NY 12901 [plattsburghumc.org](http://plattsburghumc.org)  
**Monday, January 14<sup>th</sup> at 7 p.m.** in the sanctuary (Free Will Donations will be accepted at the door) – Bill will be giving a community talk. Invite a friend!

**Topic:** "The Climate Fight: Reports from the Frontlines," with the latest news about science, politics, and activism on an overheating world  
Bill McKibben is an author and environmentalist who in 2014 was awarded the Right Livelihood Prize, sometimes called the 'alternative Nobel.' His 1989 book *The End of Nature* is regarded as the first book for a general audience about climate change, and has appeared in 24 languages; he's gone on to write a dozen more books. He is a founder of [350.org](http://350.org), the first planet-wide, grassroots climate change movement, which has organized twenty thousand rallies around the world in every country save North Korea, spearheaded the resistance to the Keystone Pipeline, and launched the fast-growing fossil fuel divestment movement.

The Schumann Distinguished Scholar in Environmental Studies at Middlebury College and a fellow of the American Academy of Arts and Sciences, he was the 2013 winner of the Gandhi Prize and the Thomas Merton Prize, and holds honorary degrees from 18 colleges and universities. *Foreign Policy* named him to their inaugural list of the world's 100 most important global thinkers, and the Boston Globe said he was "probably America's most important environmentalist."

A former staff writer for the New Yorker, he writes frequently for a wide variety of publications around the world, including the *New York Review of Books*, *National Geographic*, and *Rolling Stone*. He lives in the mountains above Lake Champlain with his wife, the writer Sue Halpern, where he spends as much time as possible outdoors. In 2014, biologists honored him by naming a new species of woodland gnat—*Megophthalmidia mckibbeni*--in his honor.
